Release Notes

Game: The Last Brain Cell

Creator: Devin Peebles

Version: 2.0

Date: 1/22/2023

New Features

- Two new ways to achieve the two different endings with two different items (Phone and Book).
- Two new NPC's with dialogue.

Fixes

- Added music to the two different endings when picking up a motivation or distraction that relates to whether you made a good or bad choice.

Improvements

- Made dialogue with first worker more concise to understand what the player needs to do and what not to do and the reasoning behind the other workers.

Known Bugs

- N/A
